## "THE 292'ER"

Published monthly by Tom & Mary Moore, KL7Q & KL7P, thru the cooperation and assistance of the ALASKA DIVISION of EMERGENCY SERVICES (ADES) for the enjoyment of the HAM's who support the Alaska Civil Preparedness Net and the State RACES program.

It was an awesome sight to behold! At 5:30AM, Sat Jun 30, a huge hot air balloon rose majestically in the morning calm at the residence of Wilse (Moose Nose) Morgan, KL7CQ. Under the balloon hung the biggest 20 Mtr monobander I've ever seen - a 46 ft long Telerex!! Slowly it maneuvered over the 40 ft 150,000 volt power line, above trees and other local towers, finally to rest atop an 80 ft tower. By 7:30 AM it was all over & everyone enjoyed a super breakfast of all kinds of pancakes & eggs. What a super antenna raising party that was!!

Having talked to Gil Brewington many times on the Net over the past couple of years, Mary & I, and Jim & Cathy Moody, KL7JCE & WL7ABO, on an outing to the Eklutna Lake area, dropped in on Gil & his wife for a most pleasant visit. Nice to finally meet the person behind the voice after such a long time.

At the antenna raising mentioned above, we had the pleasure to also meet Ray Johnson, KL7IJT, and his daughter who came to see the event. Ray & his wife Lilly, KL7IJS, are currently residing in Sun City Ariz but Ray was back up here visiting - sorry that Lilly wasn't able to also make the trip. Good seeing ya, Ray!

Mary & I again thank Dave, KL7M for continuing to 'handle' the Net whenever Mary is absent or on vacation. This year Mary & I spent our "vacation" by riding along as the Alaska State Troopers literally ran from the Yukon river bridge on the Ak Pipeline Haulroad plum to Valdez - 512 miles. Our job was to be available to handle long-distance communications along the way into Fairbanks, Delta, Glen-Allen, Anchorage and Valdez. We met lots of real nice folks, even enjoyed working with the CB'ers, handled several messages and generally had a real good time. Oh, I forgot to mention that the troopers were making this run in support of Alaska's Special Olympics Program for crippled children. Helping us out along the way was Al Cronk, KL7BE who often took the late night watches, Will Darsey AL7AC in Fairbanks who did just a super job, of course Dave KL7M in Anchorage along with Dave & Patti Olson KL7K & KL7L. While in Valdez, We met Doug Lockwood, KL7IZS.

Mentioning Dave KL7M brings to mind a conversation between him and W9PXI the other morning which went something like this: W9PXI: "didn't you use to be KL7IYH?" DAVE: "NO! they ran that turkey out of town, I'm a brand new guy!". Whether new or old, Dave has certainly been an asset to the Net. Thanks Dave.

Forgot to mention that on our way up to Fairbanks for the SOME event, we stopped off at Mt McKinley Park for an afternoon and visit with Jack Mathews KL7GPK and his family. Had a real nice visit; hope to see ya soon again, Jack.

Friday, Jul 13 - the Anchorage Rescue Council was called out to search for three missing hikers at mile 99 1/2 of the Glen Hwy. Bob Mckinnie, KL7JKG & I responded representing the Anch Amateur Civil Emergency Svc. After 48 hrs of searching in rain & fog, the weather lifted enough to get a HH3 RCC chopper in for an aerial search and pick-up of the missing - all in good health. RCC, AST, & the Parks people expressed thanks for the HF comms from the site back to Anchorage.

The two recent minor earthquakes experience in the Anchorage area brought several request for info from stateside stations. In the event of a natural disaster, 14292 is the freq where "official" information would be made available thru ADES.

KL7FHF AND KL7ITI ARE KEEPING THE MACHINES RUNNING, MOSTLY MEG SINCE BILL IS GOING OUT OF TOWN AND FINISHING A PAPER FOR SCHOOL. I TRY TO GET IT OUT A FEW DAYS BEFORE THE GENERAL MEETING, BUT MY DEADLINE IS A LITTLE FLEXIBLE AND USUALLY I SET IT AT BOARD MEETING NIGHT. FM: FIELD DAY '79 COMMITTEE; KL7ITI, K3CKC, KL7Q

SUBJ: REPORT ON AARC FIELD DAY '79, JUNE 23RD AND 24TH.

TO: GENERAL MEMBERSHIP, AARC

IT WAS THE INTENT OF THE FIELD DAY '79 COMMITTEE TO SELECT A SITE FOR THIS YEAR'S EVENT WHICH WOULD BE CONDUCIVE TO MASS PARTICIPATION BY CLUB MEMBERS, ALLOW FOR MORE THAN THE NORMAL PUBLIC EXPOSURE, BE REALATIVELY FREE OF DIRT AND BUGS ALLOWING A MORE COMFORTABLE ATMOSPHERE BY NEWEST PARTICIPANTS, BE EXCEPTIONALLY FREE FROM POWER LINE OR OTHER ELECTRICAL INTERFERENCE, AND TO PROVIDE AMPLE SECURE SPACE FOR THE CROWD EXPECTED.

AFTER MUCH SEARCHING AND DISCUSSION, THE PAVED NORTH PARKING LOT OF EAST HIGH SCHOOL WAS SELECTED AS THE SITE FOR THIS YEAR'S EVENT. AT THIS TIME, WE ALSO DECIDED THAT IT WOULD BE TO THE CLUB'S ADVANTAGE TO ENTER THE FIELD DAY CONTEST IN THE 3 TRANSMITTER, LOW POWER CATEGORY.

AT THE MAY '79 BOARD MEETING OF THE AARC, THE BOARD, IN DISCUSS-- THE FIELD DAY EVENT, FURTHER DECIDED THAT THIS YEAR'S EVENT WOULD ALSO BE THE OCCASSION OF A CLUB PICNIC TO BE HELD ON SATURDAY AFTERNOON, JUNE 23RD. THE BOARD HAD PREVIOUSLY ALLOCATED \$200.00 TO COVER FIELD DAY EXPENSES. NO FURTHER FUNDS WERE MADE AVAILABLE AT THIS TIME. THIS \$200 WAS EXPENDED AS FOLLOWS:

8 CASES SODA, 66.96

160 PIECES KENTUCKY FRIED CHICKEN, 105.60

DIESEL FUEL, 4.25

PLATES, CUPS, PLASTIC WARE (KPS'S), GARBAGE BAGS, PENCILS, PLASTIC ROPE, ETC, 18.02

DONUTS, 5.17

TOTAL \$200.00

KL7ITI SECURED THE PERMIT FOR USE OF THE PARKING LOT FROM THE SCHOOL ADMINISTRATION. OFFICIALLY, NO CAMPING WAS ALLOWED; HOWEVER AS LONG AS AN EVENT WAS ACTUALLY IN PROGRESS ALL NIGHT, PARKING OF CAMPERS WAS OK'D.

K3CKC REPAINTED THE CLUB'S PLYWOOD LOGO SIGN AND HAD IT READY FOR THE EVENT, AND FURNISHED GARBAGE CANS AND TABLE MATERIAL.

KL7Q ARRANGED FOR USE OF THE ALASKA DIVISION OF EMERGENCY SERVICES COMMUNICATIONS VAN AS A COORDINATED EFFORT OF THE STATE RACES PROGRAM. THIS VEHICLE PROVIDED THE PRIMARY ANTENNAS AND SUPPORT STRUCTURES FOR OTHER ANTENNAS FOR THE EVENT. KL7Q ALSO DONATED USE OF HIS TS820s.

NNNN

KL7JIG PROVIDED USE OF HIS YAESU 301 STATION AS DID KL7EB. KL7JCE DONATED USE OF HIS YAESU FT101E AND KL7AP HER ICOM 701. AL7W BROUGHT A YAESU SIX METER RIG, TOWER AND ANTENNA MADE AVAILABLE BY KL7JAI. KL7JIG ALSO BROUGHT HIS 20 METER MONOBAND BEAM AND KL7JCF BROUGHT HIS 10 METER BEAM. KL7CQ BROUGHT COAXIAL DIPOLES AND PLENTY OF EXTENSION CORDS. KL7EB ALSO FURNISHED THE ROPES FOR STRINGING UP THE DIPOLES OVER THE STREET LIGHTS IN THE PARKING LOT.

KL7AP PROVIDED, AT HER EXPENSE, THE CLUB BANNER (ABOUT \$30), TWO PORTA POTTI'S (\$140), 40 ADDITIONAL PIECES OF CHICKEN (ABOUT \$25), AND SEVERAL DOZEN DONUTS (ABOUT \$10) FOR A TOTAL OF ABOUT \$205.

KL7HAB SECURED THE USE OF FOUR NEW PLASTIC GARBAGE CANS FOR ICEING OF THE SODAS, ARRANGED FOR ICE TO BE DONATED AND INSURED THE EVENT RECEIVED PUBLICITY THROUGH NEWSPAPER AND TV OUTLETS.

KL7HJD PROVIDED THE USE OF HIS 10 KW DIESEL GENERATOR AND DONATED ABOUT 15 GALLONS OF FUEL.

KL7HFM BROUGHT OVER MORE TABLE MATERIAL AND SAW HORSES AND SEVERAL VHF, COMMERCIAL GRADE, ANTENNAS TO BE "GIVEN" TO HAMS IN RETURN FOR A SMALL "CONTRIBUTION" TO THE CLUB TREASURY.

OVER 75 HAMS, THEIR FAMILIES, DOGS AND FRIENDS PARTICIPATED IN ONE WAY OR ANOTHER. WE ESTIMATED AT LEAST 200 NON-HAM VISITORS. AT NO TIME WAS THERE A LACK OF WILLING OPERATORS, EVEN AT 3 AM. PROPOGATIONS WERE FAIR TO GOOD ON ALL BUT 10 METERS. AS EXPECTED, WE FOUGHT THE LOWER 48 WHICH WAS WORKING EAST/WEST & VICE A VERSA WITH FEW ANTENNAS TURNED NORTH. HOWEVER, OUR CONTESTERS DID AN OUTSTANDING JOB BY ATTAINING A TOTAL OF 1374 POINTS, BETTER THAN ANY EFFORT BY THE CLUB IN RECENT YEARS.

WE THE FIELD DAY '79 COMMITTEE CONSIDER THIS YEAR'S EVENT TO HAVE BEEN AN OUTSTANDING SUCCESS FROM EVERY ASPECT. WE DEMONSTRATED OUR EMERGENCY OPERATING CAPABILITY, OBTAINED SUPER PUBLIC EXPOSURE TO OUR CAUSE, AND HAD A GREAT TIME DOING IT. HOWEVER WE LEAVE THE CLUB WITH BUT ONE RECOMMENDATION: THAT BETTY RHODES, KL7AP, BE RE-IMBURSED, AT LEAST IN PART, FOR HER FORSIGHT AND GENEROSITY IN PROVIDING THE ADDITIONAL NEEDED PROVISIONS FOR THIS YEAR'S EVENT. HER ENTHUSIASM AND WILLINGNESS TO PARTICIPATE AND CONTRIBUTE WITHOUT EXPECTED RETRIBUTION IS SURELY A MOST OUTSTANDING EXAMPLE OF THE TRUEST MEANING OF THE PUBLIC SERVICE ROLE OF AMATEUR RADIO.
